

## WARM SWISS HOSPITALITY AND FRESH ACCOMMODATION AWAIT YOU IN A BUSTLING COMMERCIAL CENTRE

### SWISSÔTEL CHANGSHA

The international hotel group Swissôtel Hotels & Resorts continues to expand its portfolio in China. The future five-star hotel will be located in the Yuelu District of Changsha – the capital of Hunan Province and the transportation hub of south-central China – approximately 30km from the international airport and 15km from the city centre. The district is well-known for its natural environment, and has become an important cultural spot and affluent residential area in Changsha.

Situated on the west side of Xiang River, a branch of the Yangtze River, the future Swissôtel Changsha will be within walking distance to the Yuelu District Government and Changsha City Government.

It will also be just steps away from a metro station, which will be operational in 2014, connecting the eastern and western parts of the city with its Line 2. In addition, a major high-speed railway going from Shanghai to Kunming is expected to be completed in 2013, with a stop in Changsha.
